ANDERSON AND THE FAN FORCE UNITED TEAM RACE TO A TOP FIVE FINISH IN INDIANAPOLIS

Scott had a spectacular weekend at the inaugural Grand Prix of Indianapolis. It was by far the most competitive race weekend he has had, running consistently with the race leaders and

previous race winners. What a great place - the Indianapolis Motor Speedway - to show that type of speed and talent.

Although a rookie at IMS, Scott looked nothing like a rookie as he ran though the field of 11 on Saturday en route to a fifth place finish in Race #2. The racing was wheel to wheel and back and forth in the middle of the pack which ultimately lead to an exciting finish to the weekend.

"Scott was able to keep his nose clean and maintain exemplary car control throughout the race. I don't think I saw him put one wheel wrong. He consistently ran a faster line through the back turns section which allowed him to hold off the other contenders throughout the race and leading to his best finish to date. We are excited about the opportunities that we see for him in his first Freedom 100", said Fan Force United Co-Owner, Tyce Carlson.

"I thought the course was fun in the wet on Friday, but being able to bang wheels and compete with some of the larger teams in the paddock has me really excited about the next few weeks and the rest of the season. The guys on the crew were able to give me a great car today, and the Cooper Tires held up really well, overall we had a very successful weekend at IMS," said Scott.

Scott and the Fan Force United Team will continue to prepare for the next big event at IMS; the Freedom 100 which will run on Friday, May 23rd. The excitement builds as the month of May continues to unfold.
