## ANDERSON MAKES A RETURN TO LEGENDARY GRAND PRIX OF LONG BEACH

*"Indy Lights teams and drivers gather for one round of racing at the back to back street circuits for Race #3 of the 2015 championship."*

**Fort Collins, Colorado** - Scott Anderson, driver of the #77 Schmidt Peterson Motorsport Indy Lights car is ready to soak up some southern California sunshine as the 2015 Indy Lights Championship Powered by Cooper Tires, heads to the 41st Toyota Grand Prix of Long Beach. The tight and twisty 11-turn temporary street circuit, known as the Roar by the Shore, is part flat out fast straights and tight twisty turns that test the limits of driver and car.

"Long Beach is my favorite street circuit and the event itself is awesome, so I'm definitely excited for this week," exclaims Anderson. "I think we learned some big things at St. Pete. We were fast in the races so if we can hit Long Beach where we left off, and apply what we learned, we have no reason not to be running up front."

As part of the weekend, several SPM drivers and families have been invited to a private tour of Jay Leno's car collection. This unique opportunity will get Anderson up close and personal with one of the world's top and diverse car collections.

Anderson and the #77 Anderson Podiatry Centers, Hull & Knarr LLC, Indy Lights entry, hit the west coast for the Grand Prix of Long Beach on April 17th - 19th.
